Democratic State Ticket.

For Clerk of the Court of Appeals

THOS. J. HENRY,

OF MORGAN COUNTY.

For Judge of the Court of Appeals

JOS. H. LEWIS,

OF BARREN COUNTY.

For Judge of Superior Court

(FIRST DISTRICT.)

JAMES H. BOWDEN,

OF LOGAN COUNTY.

OF JEFFERSON COUNTY.

(THIRD DISTRICT.)

RICHARD REID,

OF MONTGOMERY COUNTY.

FOR COUNTY JAILER,

AQUILLA LONG

The bill-brooks think the immortal 306 are a medal-some set.

The new Chinese Envoy, Cheng Tiao Ju, and his legation arrived last week.

Hon. Clarence U. McElroy, of Warren, has withdrawn from the race for Congress in the Third District.

The Hawesville Democrat declares for Quinlan Jim and says he can carry Hancock county in the coming race.

George Dittos says "We've cabied Arabi to the tower." Yes, school "in" the neck the blasted British like it.

The State Journal sagely remarks that Solomon was giving himself a puff when he said "It's a new child that knows its own father."

Only two or three of our Democratic exchanges are opposing the school bill. There are some people in the world who can't see three inches from the ends of their noses.

Christian county should give Capt. Henry a majority rising up the thousands. Let both Democrats and Republicans come down on Jacob like a thousand of brick, and give an everlasting rebuke to men who bring war issues into politics.

Col. Jacob blandly tells the Louisville Commercial that "there will be no astonishment in August." He is prominently "correct." Tom Henry's majority will be far up in the fifties.

We have received the first number of the Clarksville Democrat, a seven column sheet published every Saturday by Mr. M. V. Ingram. The paper will support Bate for Governor, and will make it lively for the bolters. The Democrat will be enlarged to a 32 column sheet this week.

The Danville Tribune says there are 25 independent Democratic newspapers in Kentucky that refuse to support Henry. The statement is false and we defy the Tribune to name the 25 papers. Name 26 anti-Henry Democratic papers in Kentucky and we'll vote for Jacob. "Put up or shut up."

Capt. Jno. S. Wise, Readjuster candidate for Congressman at large and Jno. S. Crockett, Commonwealth's Attorney of Wythe county, Va., fought a bloodless duel at Christiansburg one day last week. Three rounds were fired without effect and the parties quit the field, expressing themselves satisfied. The origin of the trouble was a political difference. There were no arrests.

Madisonville wants the Congressional convention and no better place could be selected. The town has ample hotel accommodations and as Hopkins has no candidate the place could not be objectionable on the score of local influence in favor of any candidate. Let the convention be held at Madisonville.

The English attacked Arabi's army at Hameh, where he was lacerated, and were repulsed with the loss of 46 men, one day last week. Arabi is still defiant and is strengthening his army. The British troops are being sent to Egypt and the prospects are that there will be a considerable war. The latest news is that Arabi wants to make peace.

A Last Appeal.

Next Monday the voters of the State will have an opportunity to vote or defeat the tax of two cents on the hundred dollars, to equalize the school fund giving the colored children an equal pro rata. We hope the people of this section will not permit themselves to be governed by their prejudices, but will look to that higher and nobler principle of justice that gives equal and exact rights to all citizens, and vote for the trifling increase, in order that the light of knowledge may be turned upon the dark corners of ignorance and crime peculiar to the colored race.

Vote this tax and the concomitant advantages of the bill will be a better feeling between the races, a more enlightened element of citizens and a consequent diminution of ignorance and crime in the future and rising

generation of citizens. This is no time for back issues and blind prejudice. This is a progressive age and an era of advanced ideas far different from ante bellum days.

The cowardice of the first Legislature threw the onus of this question on the people. It will be voted on and the great troubles that faction and lack of knowledge and interest will defeat it and thereby bring the question into the courts, to the great detriment of the educational interests of the Commonwealth.

In this, our last appeal, we wish to not only counsel, but urge upon voters the necessity of voting this insignificant increase of the school tax.

There are no reasons of weight why it should not be done and we would be glad to see every vote in Christian county cast for the question. Let all Democrats, especially, bury their animosities and do the magnanimous thing towards their inveterate political enemies by voting for a measure which will to a great extent furnish them means of disfranchisement from the blinding chains of ignorance and Republicanism.

How to Vote.

The canvass for county offices has almost ended and the people will, in a few days, be called upon to exercise the right of suffrage. For certain reasons the Democrats have no regular ticket in the field. The Republicans have a full ticket made up, regardless of race, color or previous condition of servitude. In opposition to this there is a people's ticket.

W. R. WISNICK, is the candidate for County Judge against Judge A. V. Long, the Republican nominee. He is a Democrat and a leading member of the Hopkinsville bar. He is the prime of middle-aged manhood and has been a close student for upwards of twenty years and is therefore fully qualified, mentally, physically and by training and education to make a County Judge superior to any the county has had for years. His friends are not confined to any party, but are found in the ranks of all and if Democrats will arouse from their lethargy and give him their united support he will defeat his competitor by a good majority.

J. S. BARROW, is the people's candidate for County Court Clerk, against Maj. Jno. W. Brecht, the present incumbent. His antecedents are Democratic, but in later years he has been in sympathy with the Greenback movement. He is a minister of the gospel of the Baptist denomination, is a man of ability and education and is fully competent to make a number one clerk.

ALLEN CAMPBELL, the candidate for Sheriff, is also a Democrat and has had considerable experience as a deputy to the Sheriff's office. He is a good man, well qualified and is making a strong and vigorous canvass and is making it unpleasantly warm for his opponent.

COUNTY ATTORNEY. There is no opposition to the publican candidate for County Attorney.

BARREN DOONE, is the independent candidate for Assessor. He has always been a Democrat, but is making his race. He is a poor man with only one leg and needs the office, which he is well qualified to fill. He is meeting with great encouragement and his friends are confident that he will run his opponent a close race, with good chances of beating him.

AQUILLA B. LONG, is the Democratic candidate for Jailor. He is the present incumbent and is the only man on the ticket who was officially endorsed by the executive committee of the Democratic party. He has ever had and the people of all parties should unite and re-elect him. His opponent is a colored man named Watt, and people who have any county pride should have no difficulty in deciding between them.

NONSENSE.

Will the Democrats of Christian county, like Dickson's fat boy, forever remain in a drowsy state?

"I don't ask you to kiss me," said Bittkins to his girl, "for it is wrong for the girls to kiss young men; however there is no harm in one maid kissing another, so you can kiss the po-man on my mustache, if you will." And the poor maid was kissed.
